

MUTANT PROOF

MUTANT PROOF just released their eponymous catchy debut album by producer Siggie Bemm: a fresh mix of punk rhythms, rock melodies, metal riffs and highly relevant lyrics. The experienced musicians from Dortmund (previous bands include Phantoms Of Future, Backlash, Regatta de Blanc, Powerball) set themselves apart from the usual mishmash and combine their various influences into ten exciting and catchy songs. The final result is a rousing power mix from the heart of the Ruhr Valley.

[...] a very interesting and diverse release, full of conviction and great musicianship all round. This has a grin factor to the whole shebang and should be listened to immediately. Powerpoints: 8 (out of 8)"
